SUMMARY

Computer Technology student with hands-on experience in full-stack web development (MERN stack, Java) gained across multiple internships, and a published researcher exploring the intersection of technology and mental health. Skilled in C, C++, Java, Python, and modern web technologies, with a strong interest in applying programming and problem-solving skills to real-world projects.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

Feb 2026 – Sep 2026

ITView (Ongoing)

- Working as a Full Stack Developer Intern, contributing to both front-end and back-end development using Java-based technologies.
- Gaining hands-on experience in full-stack application development and software engineering practices as part of a structured internship program.

Frontend Developer Intern

Oct 2025 – Jan 2026

Vier Labs

www.vierlabs.com

- Worked as a Frontend Developer on a live client project at Vier Labs, an agency, responsible for developing front-end components.
- Built and implemented UI components using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Integrated Firebase and Firestore for real-time database functionality and data management within the application.
- Collaborated with the agency's development team to deliver production-ready features on schedule.

Web Development Intern

Aug 2025 – Sep 2025

Codveda Technologies

www.codveda.com

- Completed a one-month internship in Web Development at Codveda Technologies under the supervision of Kaustog.
- Worked on developing and maintaining front-end and back-end components for web-based projects.
- Enhanced skills in HTML, CSS, JavaScript, and Python while contributing to live project modules.

PROJECTS

Travel Booking Website

- Developed a travel booking web application enabling users to browse destinations and book trips. (GitHub Repository)

Ticketing CRM System

- Built a full-stack customer support ticketing CRM system for creating, tracking, and managing support tickets. (GitHub Repository)

Personalized Learning Roadmap

- Built a tool that generates personalized learning roadmaps based on user goals and skill level. (GitHub Repository)

PUBLICATIONS

Digital Minds, Troubled Hearts: A Survey on Technology and Mental

Jun 2026

Health Among Young Adults

Journal of Academic Trends & Innovative Research (JATIR) Vol. 2, Issue 6

- Co-authored a peer-reviewed research paper examining how smartphone, social media, and AI usage affect the psychological well-being of young adults in India, based on a mixed-methods study of undergraduate students.
- Published in JATIR, an international peer-reviewed, open-access journal; co-authored with Fakir Mohammad Kasim Salim Shah, Shaikh Ammar Shaikh Vajid, and Prof. Kalpesh Marathe, and awarded a Certificate of Research Publication by the Editorial Board.
- Paper link: jatir.org/article.php?paperid=140305

TECHNICAL SKILLS

- Languages:** C, C++, Java, Python, JavaScript, HTML, CSS
- Web & Frameworks:** React.js, Node.js, Express.js, MERN Stack
- Databases & Cloud:** MongoDB, Firebase, Firestore
- Tools:** VS Code, PyCharm, IntelliJ IDEA, Git/GitHub

CERTIFICATIONS

Web Development Course — Internshala Trainings, Scholiverse Educare Pvt. Ltd.
